**ACCOMPLISHMENT REPORT  
FOR CY 2009**

**EXECUTIVE SUMMARY**

CY 2009 was a milestone year for MTRCB. For one, the Film Education and Appreciation Program was revived with four major components:

The **FIRST MTRCB AWARDS** recognized some of the best television programs of 2009 in different categories.

**FIRST MTRCB METRO MANILA SCREENPLAY AWARDS** recognized the best screenplays in different categories written by different students of various universities in Metro Manila.

The Board believes that one way of encouraging film makers to achieve excellence is for the government to give recognition to achievers. This is because by leading people to transform from being competitive into being creative would result in the exploration of many unlimited opportunities that will redound to the creation of many businesses that will eventually boost economic progress of the nation.

**FILM SYMPOSIA** were conducted in various schools and universities located in some key cities of the Philippines. In this way, MTRCB could bring the agency closer to the public that it serves. The importance of having a dialogue with students, teachers and some parents creates an impact with people on the value of properly appreciating movies. In the end, the choices and tastes of the movie-going-public on the kinds of movies and television they watch would define the standards that will guide the producers in making of future films.

**STUDENTS DAY** is another component of the Film Education and Appreciation Program of MTRCB. Some college students from different Universities ranging from 30 to 45 were invited to come to MTRCB on a monthly basis. The students would play the role of the Review Committee. After the Board members explained the agency's Implementing Rules and Regulations in a forum, students would watch a film which they would classify according to their judgment with their team members. In this role play, the students would understand the meaning of a collective decision in rating a film. In such a way the participating students would recognize the importance of guiding the movie-going public according to the age classification of the movies they are going to watch, as a tool in regenerating the moral fibers of our nation.

Another milestones achieved by the MTRCB in CY 2009 was the groundbreaking ceremony of the construction of the MTRCB Building located at No. 18 Timog Avenue, Quezon City on September 8, 2009. With the new MTRCB building, it is expected that MTRCB could serve its clients more effectively. With better preview rooms, the Board could view more materials simultaneously. The building has ample function rooms to conduct dialogues and meetings more often in building relationships with its clientele.

As a regulatory agency, the MTRCB vigorously and continuously carried its mandates especially in monitoring of film shown in theaters and in televisions. In CY 2009, two (2) controversial cases were recorded. "Wowowee" and "Showtime of ABS-CBN 2 were both suspended due to violation of P.D. 1986.

**ACCOMPLISHMENTS**

**Review and Classification of Movies**

Record showed that the turn-outs of movies, television programs, and publicity materials being reviewed and classified by the Board were sustained. It can be concluded that the movie and television industries are in the category of being lucrative businesses which could be considered major sources of government revenues as well as one of the pillars of the nation's economy.

***No. of titles of movies, TV programs, videotapes, trailers and publicity materials reviewed and classified.***

**Monitoring and Inspection of Theaters, Television Programs and Cable Televisions**

The MTRCB strategically deployed vigilant and vigorous teams in nation-wide monitoring and inspection on theaters and television programs. In partnership with the local regulatory councils and MTRCB deputies, the Special Agents of MTRCB traveled in different parts of the country to ensure that the regulatory functions of MTRCB was efficiently carried out.

Comparatively over two years, reports showed that accomplishment on these areas varies slightly:

***Adjudicated Cases***

2008			2009		
Targets	Actual	%	Targets	Actual	%
20	102	510 %	35	252	720%

One of the controversial cases heard by the Adjudication Committee was the suspension of the "Wowowee" Host Mr. Willie Revillame when he uttered words in violation of PD 1986 and its IRR during the cortege of the late Pres. Cory Aquino from De La sale University to the Manila Cathedral.

Another controversy was the suspension of the talent show, "Showtime" ABS-CBN 2, when Rosanna Roces, one of the guest judges of the show said some words which, in the judgment of the Board is a violation of P.D. 1986 and its IRR.

**REGISTRATION FUNCTION**

The expectation of MTRCB on the number of applications for permit to operate was met with a slight progress in the number of registrants. This record showed that the industries were keeping up with present challenges despite global crisis.

Likewise, the targeted revenue collection was met satisfactorily. A slight decrease in revenue collections in CY 2009 compared with the actual collection in CY 2008 was because the MTRCB reached its plateau in its operational outputs in CY 2009.

The record indicated that the revenue target in CY 2009 suddenly jumped by P10 Million pesos when compared with CY 2008 revenue target.
